1.1 Introduction

This chapter describes how to invoice and post orders for membership dues. This includes initiation fees, recurring dues, renewals, and other charges. Membership Billing provides the option of creating and sending electronic invoices by email or printing the invoices and sending by postal mail or some other method. When payment is required at the time of membership application, an invoice is automatically created by the system. The Membership Billing Feature tracks the periods that have been invoiced and will not create new invoices for previously billed periods. It will however, allow re-printing of previously printed invoices. See the chapter titled *Membership Features in Detail* for additional information.

The Membership Billing feature benefits include:

- Automated creation of invoices for selected period.
- Ability to create Electronic invoices and email them directly to customers.
- Ability to create Printed invoices for postal mailing or sending by other means.
- User definable criteria for selecting customers to print invoices for.
- Ability to reprint invoices for prior periods.
- Automatically tracks last invoiced date.
- Automatically updates customer accounts and tracks receivables.
- Automated creation of GL Entries.
- Ability to reprint previously printed and posted invoices.
- Assignment to batches for future posting or printing.
- Detail and Summary Accounting Reports

Some of the components, fields and settings of the Statements feature, discussed in detail in this chapter, are:

1.2 The Visitor Experience

Customers can receive invoices for their membership dues either in printed or email form.

1.3 Components

1.3.1 Membership Billing:

This feature is used to select membership billing options.

- **Create Membership Invoices** – used to select memberships to be invoiced and to create the invoices. Also includes options to print and email invoices.
- **Print Membership Invoices** – used to print membership invoices that have already been created. Can be used to reprint previously printed or emailed invoices.
- **Email Membership Invoices** – used to email membership invoices that have already been created. Can be used to resend previously emailed invoices.
- **Print Membership Reports** – used to access the Reports Selection to print Membership Reports.

1.3.2 Create Membership Invoices:

This feature is used to create membership invoices.

Create Membership Invoices

Invoices shall be assigned to Batch # 3

Options

Month and Year to Bill: -- 2004

- **Batch #** - automatically assigned by PortalProdigy. Can be used later to reprint invoices or resend invoices by email. Can also be used to print reports.
- **Month and Year to Bill** – used to specify the period to create invoices for. PortalProdigy will automatically create membership invoices for all prior periods up to and including the month and year specified.
- - used to initiate the invoicing process for the selected memberships.

Other Options:

<input type="button" value="Clear"/>	Clears the search criteria.
<input type="button" value="Print"/>	Prints the website page to the user's local printer.
<input type="button" value="Close"/>	Closes the page and returns to the Membership Billing options page.

1.4 Feature Administration

Membership Billing is used to create invoices for membership dues. The Membership Billing feature allows Permitted administrators to select who to bill and whether to print their bills or to send as email.

Membership Billing provides a search page to match memberships to be billed based on input criteria. The matching results can be individually selected or deselected for billing. The matches can be assigned to a batch and saved for later billing and posting.

1.5 Tutorials

1.5.1 How to Create Membership Invoices

- From the Site Administration Menu click on the  browse icon to access the Membership Billing options.

- Click on the Create Membership Invoices  option.

A screenshot of the "Create Membership Invoices" form. The title "Create Membership Invoices" is at the top, followed by the instruction "Invoices shall be assigned to Batch # 3". Below this is an "Options" section with a label "Month and Year to Bill:". To the right of the label is a dropdown menu showing "--" and a text input field containing "2004". At the bottom right is a "Create & Process Invoices" button. At the bottom center are "Clear", "Print", and "Close" buttons.

- Select the Month to invoice using the list box.
- The year defaults to the current year. Change if applicable.
- Click on  button.

- If you are prepared to print invoices, confirm by clicking *Yes* when prompted; otherwise you can print the invoices at a later time using the Print Invoices option available on the Membership Billing options page.
- The invoices appear as shown below:
